Purpose of this notice

Community Coffee Company L.L.C. maintains Community Coffee Company L.L.C. Retirement Savings Plan to help you attain financial security during your retirement years. As a plan participant, you decide how your retirement plan dollars are invested in the investment alternatives available in the plan. This QDIA employee notice:

1. Describes when the QDIA is used
2. Provides details regarding the selected QDIA
3. Outlines your right to direct the investment of your plan dollars to other investments available in the plan or to elect not to have contributions withheld from your pay, if applicable
4. Explains where additional information about those additional investment alternatives can be obtained

Keep this disclosure with your Summary Plan Description and other retirement plan documents.

When the default investment alternative will be used:

You can invest your plan dollars in any of the investment alternatives available in your plan. In the absence of an investment election, your future contributions will be invested in the plan's QDIA under any of the following circumstances:

- You have made a salary reduction election without an investment election.
- An employer contribution has been made on your behalf but you have not provided an investment election.
- The plan contains an automatic enrollment feature and you did not provide an investment election during the notice period. Therefore, 3% of your eligible compensation will be contributed to the plan as an elective contribution. You have the right to elect not to have such automatic contributions made to the plan on your behalf and the right to elect to have such automatic contributions made at a different percentage. Please contact the Plan Administrator for more information.
- You have made investment elections that do not equal 100% or you have elected an investment that is no longer available in the plan.

If assets in your plan account are invested in the plan's QDIA, you can direct the investment of those assets to any other investment alternative under the plan. Please see "Investment Elections" later in this notice for more information on making investment elections.

Your employer has chosen target-date funds, based on date of retirement, as the plan's QDIA:

The plan's QDIA is the appropriate target-date fund, based on the year of normal retirement as determined by your Plan. Each fund contains a combination of bond-based and stock-based funds and targets a period that contains the year in which you attain normal retirement age.
