- **Plan fees and expenses** provide an explanation of any fees and expenses that may be charged to or deducted from your retirement account based on the actions taken by you.

General Plan Information

To direct your investments among the Plan's designated investment alternatives:

- Log on to www.LincolnFinancial.com; or
- Call the Lincoln Customer Contact Center at 800-234-3500.

You may change your investment elections at any time; transfers are effective the same business day provided instructions are received before 4:00 pm Eastern Time.

The number of transfers you may make among designated investment alternatives within the product in a given time period may be restricted. An investment option may apply a redemption fee or restrict certain transfers. Transactions associated with market timing – such as frequent, large, or short-term transfers among investment options – can affect the underlying funds and their investments. Lincoln therefore reviews the number of transfers that a participant makes within given periods of time to determine if any transfer attempts were made to capitalize upon short-term movements in the equity markets. If so, the participant's transfer activity will be subject to further scrutiny. Potential market timing or frequent trading may result in future trading restrictions, up to and including temporary (or permanent) revocation of website and telephone exchange privileges.

Voting, tender and other similar rights associated with the Plan's designated investment alternatives (other than the LNC Stock Fund) are exercised by a Plan fiduciary. Participants are responsible for directing the Plan Trustee with respect to voting, tender, and other similar rights associated with their investments in the LNC Stock Fund.

The designated investment alternatives available in the Plan are those listed in the comparative charts, which follow. In addition to the designated investment alternatives, you may invest in a self-directed brokerage account that allows you to invest in options other than those offered under the Plan. Investments made through a self-directed brokerage account are subject to commission fees and service fees, including quarterly account fees and transfer fees. For more information, please contact TD Ameritrade at 866-766-4015. A TD Ameritrade fee schedule is posted on their participant website – tdameritraderetirement.com or you may contact the Lincoln Customer Contact Center at 800-234-3500. In addition, participants may see any trade fees/commissions detailed in confirmations received either electronically or through the mail from TD Ameritrade. To establish a self-directed brokerage account, please call the Lincoln Customer Contact Center at 800-234-3500.

Plan Fees and Expenses

There are no fees and expenses for general plan administrative services that are charged to or deducted from all individual participant accounts and that are not reflected in the total annual operating expenses of any designated investment alternative under the Plan.

Additionally, explanations of any fees and expenses that may be charged to or deducted from the individual account of a specific participant based on the actions taken by that person are described below. The dollar amount of fees and expenses described below that are actually charged to a participant's account during the preceding quarter will be reflected on the participant's quarterly statement.

Individual Participant Fees

There are no individual participant fees that are applicable during 2020.

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. For an example of the long-term effects of fees and expenses on your retirement account, visit the Department of Labor website at http://www.dol.gov/ebsa/publications/401k_employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to consider whether an investment in a particular option, along with your other investments, may help you achieve your financial goals.
