The Commingled Pension Trust Fund (Large Cap Growth) of JPMorgan Chase Bank, N.A. is a collective trust fund established and maintained by JPMorgan Chase Bank, N.A. under a declaration of trust. The fund is not required to file a prospectus or registration statement with the SEC, and accordingly, neither is available. The fund is available only to certain qualified retirement and government plans and is not offered to the general public. Units of the fund are not bank deposits and are not insured or guaranteed by any bank, government entity, the FDIC or any other type of deposit insurance. You should carefully consider the investment objectives, risk, charges, and expenses of the fund before investing.

This document is a general communication being provided for informational purposes only. It is educational in nature and not designed to be recommendation for any specific investment product, strategy, plan feature or other purposes. By receiving this communication you agree with the intended purpose described above. Any examples used in this material are generic, hypothetical and for illustration purposes only. None of J.P. Morgan Asset Management, its affiliates or representatives is suggesting that the recipient or any other person take a specific course of action or any action at all. Communications such as this are not impartial and are provided in connection with the advertising and marketing of products and services. Prior to making any investment or financial decisions, an investor should seek individualized advice from personal financial, legal, tax and other professionals that take into account all of the particular facts and circumstances of an investor's own situation. Due to rounding, values may not total 100%.

RISK SUMMARY

The manager seeks to achieve the stated objectives. There can be no guarantee the objectives will be met. Investing in these strategies carries a certain amount of risk. There can be no guarantee that investing in these strategies will prevent loss of an investment. The price of equity securities may fluctuate rapidly or unpredictably due to factors affecting individual companies, as well as changes in economic or political conditions. These price movements may result in loss of your investment.

INDEXES

The Russell 1000 Growth Index is an unmanaged index measuring the performance of those Russell 1000 companies with higher price-to-book ratios and higher forecasted growth values.

Commingled funds have fees and expenses that reduce their performance: indexes do not. You cannot invest directly in an index.

The benchmark shown represents the Fund's performance benchmark, which is different from the Fund's regulatory benchmark. The Fund's regulatory benchmark is the Russell 1000 Index and is included in the Fund's prospectus and/or shareholder report. This document can be obtained at www.jpmorganfunds.com.

TOP HOLDINGS

The top 10 holdings listed exclude cash and money markets. Holdings are subject to change. The holdings listed should not be considered a recommendation to purchase or sell a particular security. Each individual security is calculated as a percentage of the aggregate market value of the securities held in the Fund and does not include the use of derivative positions, where applicable.

DEFINITIONS

Beta measures a fund's volatility in comparison to the market as a whole. A beta of 1.00 indicates a fund has been exactly as volatile as the market.

Sharpe ratio measures the fund's excess return compared to a risk-free investment. The higher the Sharpe ratio, the better the returns relative to the risk taken.
